

As a listener of K-LOVE radio, my life has been drastically changed for the positive. The community that I live in is in dire need of a positive radio station that is appropriate for the WHOLE family and helps to foster a greater level of faith in Christians. I know that listening to K-LOVE is a part of my day that I look forward to, Without K-Love I don't think that I would be able to make it through the stress and demands of my career, K-LOVE is a beacon of hope and light in a very challenging and difficult world. Without K-LOVE radio station I would be lost.

If K-LOVE were to be taken from this community there would be a negative impact on the residents, especially the children. As a teacher it brings joy to my heart to hear my students singing songs that are heard on K-LOVE, I know that they are words that will have a lasting impact on my students and the choices that they will make in life.

When I drive around my community it warms my heart to see all the vehicles with K-LOVE bumper stickers. This is an indication to me that there is a strong desire and need for K-LOVE radio to remain a stronghold in our community. It would be a travesty to take such a positive and life-changing radio station from listeners here in Colorado and around the world.
